Spotlight Education Program

AGC BIM 101: An Introduction to Building Information Modeling

Wednesday, December 16 @ ACI

Major general contractors in our area are already utilizing BIM for many of their new construction projects. Find out what exactly BIM is and how your company can gain more opportunities by adopting this new technology.

Lunch and a BIM manual will be provided to all attendees. Read more at <http://www.aci-construction.org>

*****2010 Scholarship Applications are now being accepted. [Click here for details](#)*****

Spotlight Safety Program

Recordkeeping - OSHA & Workers Compensation

Tuesday, December 8 @ ACI

Learn how and when to record the pertinent information so you will be able more efficiently meet OSHA and BWC requirements. After this two-hour class you'll have a better understanding of important terminology as well as how long you'll need to hold on to this important paperwork.

Read more about this class at <http://www.aci-construction.org>

*****Registration is now open for the 2010 ACI/OSHA Construction Safety Day, February 16*****

LOOK WHAT A FELLOW ACI MEMBER HAS TO SAY ABOUT 3-HAB THE ONLY ENDORSED MCO OF ACI

"3-hab's occupational physicians have proactively communicated directly with our injured employee's treating physicians and successfully facilitated transitional work for them, which resulted in a win-win for everyone - improved employee morale and reduced or eliminated lost-time. 3-hab's experienced physicians and knowledgeable care coordinators have consistently demonstrated timely response to our questions. The personal follow up communication from a 3-hab physician sends the message that they truly care. Dugan & Meyers' use of 3-hab's MCO services has proven to be a positive experience for everyone involved in the workers' comp claim process."
